

 AI Power User Group

AI PUG Growth Journey

Our journey to strengthen AI capabilities, experiment with real business challenges,
and build a culture of knowledge sharing.

How AI PUG Began: Expanding AI Culture

Interest in AI was high, but applying it at work remained challenging. AI PUG was formed as a **learning and knowledge-sharing group** to address this challenge together.

Launch	2025.07.
Group Name	AI Power User Group
Purpose	AI Skills · Knowledge Sharing
How We Operate	정기·자율 모임 · 사례 공유 · 실습
Starting Point	AI를 업무에 적용하려는 구성원들 참여

AI PowerUserGroup (PUG)

How PUG Has Evolved

Starting as a learning group, PUG has expanded into **hands-on PoC programs** and **Mini PUGs**.

APPROACH · 2026

What We Put into Practice in 2026

We moved beyond learning and sharing by bringing together **a consistent operating rhythm**, **expert collaboration**, and **hands-on PoC development**.

활동 주기 Weekly Full-Day Sessions 정기 모임으로 실행 리듬 고정	실무진 협업 현업 실무진 및 도메인 전문가 연계 강의·코칭을 함께 진행	공통 기준 마련 보안·개발 가이드 정립 산출물 보호와 협업 기준 마련	맞춤 과정 운영 실무 중심 커리큘럼 현업 문제 해결형 교육 진행
함께 만든 실행 기반 · 3가지 실무형 코칭 진행 보안 가이드 마련 기술 전문가와 협업

What Made the PUG Program Work

PUG combined **people, learning resources, tools, and shared standards** to turn ideas into workplace PoCs.

Building an AI Culture Across the Organization

PUG growth is not simply about mastering tools. It is about reframing workplace challenges through an AI lens and validating practical solutions.

- 1 Tool-Centered → Problem-Solving
- 2 Practice → Real-World Application
- 3 Individual Experience → Shared Feedback
